

Liberty

*America's most comfortable
mobile home*

LIBERTY COACH COMPANY, INC., Bremen, Indiana

Here's the new Liberty. All metal exterior and many new comfort features. Available in models 31, 36, 41, and 45.

BE SURE TO SEE THIS ONE BEFORE YOU DECIDE

Before you invest in a new mobile home it is natural and important that you shop around, see and compare as many makes as possible. It is just as important to make sure that among these, you see the new Liberty line before you decide. We say this because the coaches shown here are by far the best of a long line of quality coaches bearing this famous name. See Liberty, standard of comfort in mobile living.

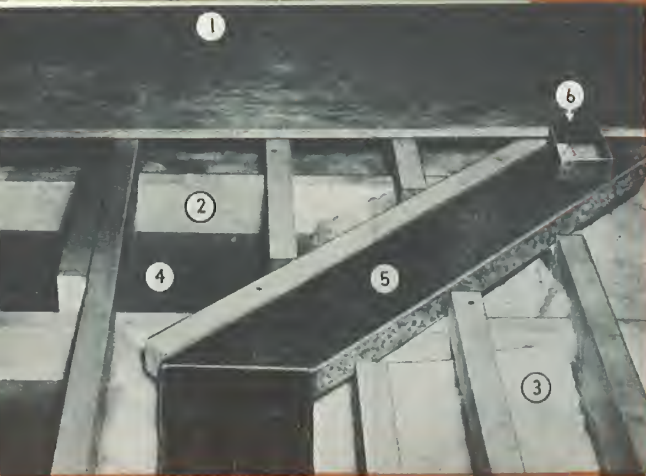

Liberty

**OFFERS YOU MORE
LIVING COMFORT,
MORE ADVANCED
FEATURES, THAN
ANY OTHER COACH**

Outstanding Liberty comfort features like the exclusive 6-inch heated floor and attic roof, inside unit drain, and longer-lasting construction, are illustrated further on in this booklet. In addition to these, Liberty offers as standard equipment, automatic electric hot water

heater, (extra large in tub models) electric exhaust fan above the range, 4-wheel electric brakes, outdoor outlet for Thermal Tape on water connection, wall to wall inlaid linoleum, and extra roomy SEVEN foot headroom. These features and many more combine to build Liberty reputation for comfort and quality.

HERE'S WHAT YOU SHOULD KNOW

Cross section of Liberty forced air heating system.

(1) Plywood inner floor (2) 6-inch studding that provides space for heating system and insulation (3) thick mats of fiberglass (4) under-floor, steel sheathed and undercoated (5) portion of forced air heating system with cold air return, leading to bedrooms and bath (6) location of oil heater.

This protective coating being sprayed on all exposed wall studding is an example of Liberty better construction. Coating protects wood from rotting, prevents moisture from collecting wherever studding contacts aluminum exterior. Note heavy matting of fiberglass insulation.

ABOUT *Liberty* BETTER CONSTRUCTION

Close-up of the front of a partially assembled Liberty showing vented roof ribs that make up the exclusive attic roof. Built above thick fiberglass insulation, the vented roof keeps Liberty cooler in summer, provides complete air circulation in winter without drafts. Outer roof is curved steel, coated and painted to shed all weather.

Here, a unit drain assembly is being soldered together. This plumbing is of heavy duty house type construction and notice that it is located above the main floor for positive protection against freezing in any weather. Single drain outlet is easy to connect to park sewage system.

HERE'S THE STORY OF

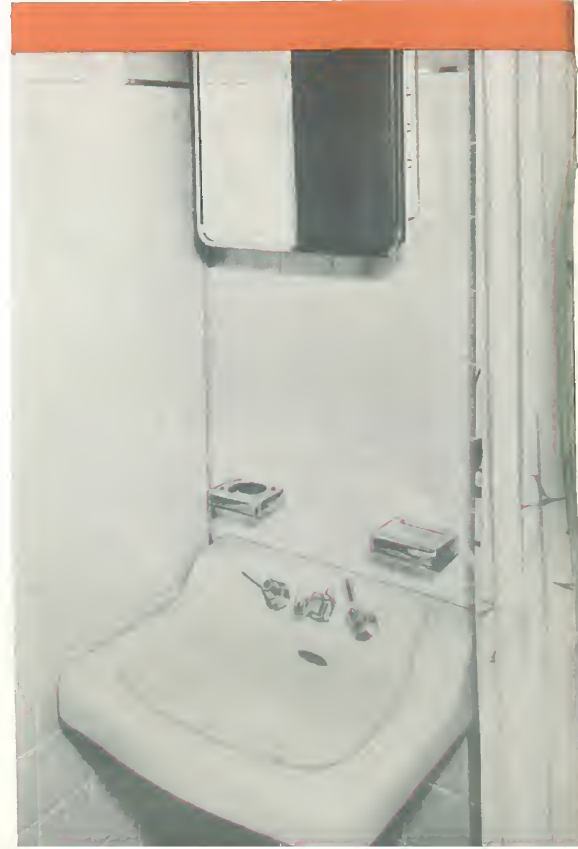

Liberty

Every Liberty features a modern bathroom complete with tub, shower, or both. Completely private, heated and brightly tiled, the Liberty bathroom offers every convenience including flush toilet, wash basin, medicine cabinet, hot and cold running water.

The Liberty kitchen is the pride of every housewife. The equipment furnished includes double sink, electric refrigerator, oven gas range with exhaust fan above, electrical outlets and plenty of cupboard space, all neatly arranged in attractive pine paneled surroundings. You'll love its modern step-saving convenience.

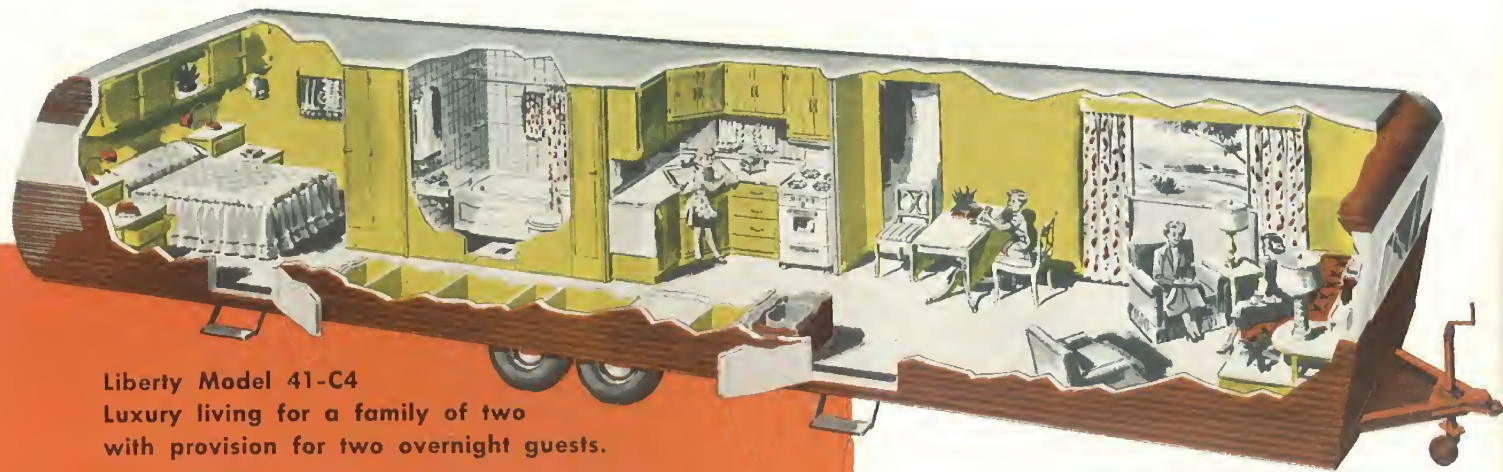

HOME-LIKE COMFORT

Solid comfort . . . that's what you'll say when you enjoy a night of restful sleep in the big Liberty bedroom. Standard double bed, or twins if you prefer, with room on all sides for easy bed-making. Full length mirror, separate wardrobes and sliding door for privacy, complete the picture of this comfortable bedroom.

Who says there's no room for gracious living — or entertaining? Here's the new Liberty dinette with table set for a feast. There's plenty of room and a pleasant atmosphere. here. In all Liberty models you'll find ample dining area, designed so that after dinner you can make plenty of room in the big living area for an evening of cards or television.

with *Liberty*

“WORRY FREE”

FINANCING PLAN

In case of sickness or accident your payments will be made whether your paycheck continues or not, for every day of your disability after the first 15. In the event of death from any cause, entire balance will be paid in full. With Liberty Worry Free Financing, you can be sure that no matter what happens, your family will be safe and secure in a Liberty home of their own. Your Liberty dealer can show you how easy it is to finance your Liberty home the wonderful, “worry-free” way.

HERE'S WHAT SATISFIED *Liberty* OWNERS* SAY...

"... now after four and a half years of living in our Liberty, we have yet to see another trailer that has the features or the livability of ours . . ."

"... the Liberty comfort conditioning is a fine piece of engineering . . . It gives an even temperature throughout the entire trailer, which is a great comfort to myself and family . . ."

"... the heavy frame and well constructed body could not be equaled in any trailer we looked at . . ."

"... we like the sturdy way a Liberty is built. We've never been troubled with our trailer leaking as many other kinds of trailers do . . ."

"... we found this trailer to be very warm in these cold winters here in North Dakota, due to the heated floor and its construction . . ."

"... if I should ever have to buy another trailer, it would sure be another Liberty . . ."

*names available upon request.

YOU'LL LIKE *Liberty* SERVICE, TOO

A new fleet of mobile courtesy cars operated by factory trained men has recently been added to help Liberty service. These cars tour the country, keeping in touch with park operators and Liberty dealers. They are always alert to assist dealers with service problems, and to work with the owner and the dealer together. This direct from the factory know-how

keeps dealers alert and informed, with the result that you, the Liberty owner, get better service.

This new courtesy car service is further evidence that Liberty not only manufactures one of America's finest coaches, but they are constantly seeking new ways of maintaining this quality in actual use.
